Minister

I accepted Christ at nine years of age, and then surrendered to the call of ministry at sixteen years old. I have continually served the Church through missions both local and abroad. I began preaching at fourteen years of age and have honed my gifts by filling the pulpits of several different friends in ministry. I am certain of God's will for my life to preach the gospel and disciple His followers. My goal is to work in a local church and/or ministry that allows the opportunity to perform intentional and relational discipleship with others in an effort to advance God's kingdom. I want to be found faithful as a servant.
