

Introduction

My name is Kevin Loveland. I grew up in Sanford Florida before moving to Lynchburg VA to attend Liberty University. I earned my Bachelors in Student Ministry in 2012. The Lord called me into Student Ministry at the age of 13 after losing my older brother in a tragic car accident. For nearly 10 years I have been doing my dream job... discipling teenagers to follow Jesus Christ!

My life mission statement is to make more of Him and less of me (John 3:30). One of my greatest joy in ministry is watching students move from hearing, to growing, to being a reproducing disciple of Christ. I have had the pleasure over the last 9 years to see students move through this very process. Many of my students have now moved on to marry, start a family and are now serving in the local church and raising their children to know the Lord.

One of my passions in Student Ministry is to come along side parents and families in the discipleship process of their children. I believe parents should be the primary discipleship makers in the home. Part of my responsibility as a shepherd is to provide them with tools and training to aid in this process.

It is my conviction that Student Ministry is of paramount importance in the church. While it is not the only ministry in the church, it is a place where students, volunteers, parents and the community can see significant life change for the kingdom of God. I am honored and privileged to be apart of this kind of gospel centered ministry.

Thank you for reviewing my resume. I pray the Lord will direct you as you move forward in your search for the right candidate.

Kevin Thomas Loveland
