TO WHOM IT MAY CONCERN,

I am writing to you regarding the open position of the Student Disciple Making: Female, which I discovered from multiple job websites. I am going on three years of serving on staff in High School Youth Ministry at Orchard Hill Church located near Pittsburgh, Pennsylvania.

Over the course of the past two years in this role, I have loved helping individuals find and follow Jesus Christ. My ministry experience has helped me learn the value of leading students towards spiritual maturity through a personal and authentic pursuit of Jesus, and walking right alongside them in community.

Regarding your church, I appreciate how your student ministry is both outreach and discipleship oriented. From what I can observe, Parkwood Baptist appears to be a church who is committed to the Great Commission, as you build up disciples who then go and make disciples into the world.

As someone whose heartbeat is in student ministry, this is such an impactful generation of students to influence and pour into. Individuals are so moldable at this stage in life - I can attest to it personally as I grew in various aspects all the way from 6th-12th grade.

Enclosed with this letter is a copy of my resume. I am looking forward to discussing this position and my qualifications with you further in the right timing. I believe that the Lord has gifted me in the areas that you are searching for with this position. Thank you for your time and consideration in this process.

With Joy,
Allyson Wagner
